AGENCY: Federal Communications Commission.

ACTION: Final rule.

1. In this Order, we amend a procedural rule regarding the time period during which the Commission must issue a written decision in response to a request for review of a decision issued by the Schools and Libraries Division of the Universal Service Administrative Company (USAC or Administrator). Section 54.724 of the Commission's rules provides that, when a request for review is properly before the Common Carrier Bureau (Bureau) or the Commission, a written decision must be issued within ninety days unless the time period for taking action on the request for review is extended. In this Order, we amend that rule to make clear that the Bureau may extend, for up to ninety days, the time period for taking action on a request for review of an Administrator's decision that is pending before the Bureau or the Commission pursuant to § 54.724 of the Commission's rules. We also clarify that the Commission may extend the time period for taking action on a pending request for review of an Administrator's decision that is before

either the Bureau or the Commission, but the Commission is not limited to a maximum 90-day extension period. We believe this procedural amendment will facilitate our administrative processes. Accordingly, as set forth, we amend § 54.724 of the Commission's rules to clarify that the Bureau may extend, for up to ninety days, the time period for taking action on requests for review of the Administrator's decisions that are before either the Bureau or the Commission.
